Canadian Law Stamps Overprinted "In Prize"

Case No. 3 - The Weser

Supreme Court law stamps overprinted "In Prize". Two of these stamps were on piece (see Figure 1) and carried a purple oval cancellation from the Victoria Registry dated Dec. 9, 1940. Since no usage of these stamps during World War 11 was known, the authenticity of these stamps came into question.

My attempts to authenticate these stamps finally led me to the files and records located at the Supreme Court Building in Ottawa. There, I found the key

because the purple did not show up well on the blue stamps. This problem was solved by applying a second overprint in a more-readable red. Later, all overprinting was done only in red.

The Prize Court and its stamps were authorized by the Canadian Government through an Order in Council dated October 1st, 1914. This order directed that a Prize Court be established under the Exchequer Court of Canada for the purpose of processing claims by owners and other interested parties against any properties seized by the government as belonging or assumed to have belonged to an enemy during wartime. This order also directed that any papers or doments pertaining to cases being settled by the Prize Court, for which the payment of a registration fee was required, be affixed with the proper amount of Supreme Court law stamps defaced with the words "In Prize".

Preparation of these stamps was done a few sheets at a time by a newly prepared handstamp which applied an overprint measuring 4½ by 21 millimeters. Initially, "IN PRIZE" continued on P. 107

number ranges.

The first opportunity to use these In Prize stamps occurred in 1916. In February of that year, His Majesty's Canadian Ship Rainbow set out from Esquimalt on a patrol of Mexican and Central American waters. On April 23rd, the Rainbow intercepted and seized the Oregon, a ship on the American register. After a search by a boarding party, it was decided to send the Oregon to Esquimalt with a prize crew on board. Later, on May 2nd, the Leonor, a ship on the Mexican register, was also seized and taken to Exquimalt by a prize crew. Both prizes were taken because it was believed that they were actually German ships whose neutral registry was a disguise for activities which were in the interest of the enemy. Legal proceedings against these ships and their goods then commenced with the first known docu-

ARA Board No to LM

To those members who have expressed interest in purchasing Life Memberships (as provided in Article 4, Section 8 of the by-laws), the Secretary regrets to report that no consensus has as yet been reached by the Board of Directors on the necessary fees for such a program. Inflation, of course, is the villain of the piece- no one can predict at this time what the level of costs will be five, ten or twenty years from now, except that they will inevitably be HIGHER. As to how high, in the words of the old song, "How high the moon?"

Life membership fees which would realistically take into account the next twenty-plus years of inflation would seem astronomical by todays standards. On the other hand, the adoption of a program NOT geared to ongoing inflation would be unrealistic and counter-productive, depriving the Association of needed income when future costs have doubled or tripled.

(And to the old refrain, "APS has life memberships, so why doesn't the ARA?", I can only point out in reply that APS has something else that the ARA doesn't: 35,000 members at \$8.00 per head.)

Until such a time as a compromise can be worked out between the requirement for a reasonable level of fees and the inexorable demands of inflation, life memberships will not be available.

SOME RULES FOR GOOD WRITING Submitted by G. M. Abrams, ARA 1065

These were discovered in a recent newsletter of a local (Calif.) chapter of the Society for Technical Communication, and are reprinted through the courtesy of the author, Mr. Gerald Mann.

The rules are offered (for whatever they are worth) to potential and habitual article writers for the Revenuer. You are urged to take a careful look at them (and I mean VERY).

- 1. Do not use foreign terms where there is an adequate quid pro quo.
- 2. If you must use a foreign term, it is de rigor to use it correctly.
- 3. Do not use hyperbole; not one writer in a million can use it effectively.
 - 4. Consult the dictionary to avoid mispelling.
- 5. A truly good writer is always especially careful to practically eliminate the too-frequent use of adverbs.
- 6. Placing a comma between subject and predicate, is not correct.

THE PRESIDENT'S PAGE

G. M. Abrams

Trust all had a restful summer? Not here...business as usual. To all of our newly joined members, welcome. There is much to report, so if this column seems overlong, please bear with me.

LINN'S CINDERELLA EDITION

At this writing, plans are afoot for a special cinderella issue, and any articles/papers you may wish to submit for publication MUST be in the hands of Editor Ed Neuce (Linn's, Box 29, Sidney, OH 45365) no later than Oct. 3rd. We and all of our exchange members have been invited to participate, and submittals may include papers on worldwide revenues, telegraphs, railroad stamps, seals and labels, related literature and so weiter. Neat copy is not needed, as all will be retyped, but copy should be legible. Publication date will be Oct. 24th. (Caution..stamps sent, which will be returned, or fotos, should be mounted such that there is no slippage, as the possibility of damage by the mail-opening device exists..center all such material). Those who wish to take part or advertise in this not-to-be-missed opportunity had best get busy soonest.

NEW LIBRARIAN SELECTED

From the many who submitted their names for consideration for the subject post (for which, deepest gratitude), the appointment of George R. McNamara, Jr., is herewith announced. See masthead for address. The library has been transferred and is set up and ready for operation. Please send your library requests directly to Mr. McNamara. And please note: In the past, some of the members neglected to meet their obligation to pay the postage BOTH WAYS when borrowing material, a rule of library operation. Our former Librarian was too nice to make an issue of it, and hence the library expenses were phenomenal in lieu of minimal. Mr. McNamara has been instructed that should any member fail to enclose the necessary cash or stamps (no checks) to reimburse the original mailing cost, when making a return, that member is to be denied library privileges thereafter. You may send your note of thanks directly to Mr. Bailar for this state of affairs.

AUCTION 16

Our industrious and capable Auction Manager, Don Duston has come up with another whopper of a sale, appearing in these pages. Thanks to all of the contributors. Bidders: Be sure to get 'em in early. Postmarks count.

NEW OVERSEAS REPS APPOINTED

The following members have graciously volunteered to act for us in their respective countries (or current residences) and have been added to the masthead:

The Netherlands...Frank E. Patterson III

Denmark...Donald A. J. Byrum

France...Alternates: Henri Janton and General M. H. Fradois.

Please note that representatives are still needed in countries where none are listed (see masthead). The task is to send our publicity releases (which will be furnished) to any philatelic publication in your respective country which will cooperate, and will publish same in the appropriate language. And, of course, to solicit new members. Simple as that. If you wish to assist, please write me.

POST OPEN

Formerly held by a member who is no longer with us, there is a current (equal opportunity, M-F) opening for an ambitious (for the ARA) Recruiting Director. Anyone who wishes to volunteer for the post is invited to write to this office explaining in detail how you would plan to accomplish the task. The person chosen will be expected to jump in with both feet, once appointed. The salary? We play fair...you will earn the same salary as every officer in the ARA. That's a promise. And expenses will be reimbursed.

HAWAIIAN REVENUE STUDY

James Mitchell (6269 Selma Ave., Hollywood, CA 90028) announces preparations for a new book on the subject stamps..schedule undetermined as yet. Data is sought on printing, distribution, usage, etc. All contributors will be acknowledged, and if you can help, please write directly. Publication date, when known, will be announced here. Mahalo.

N.Z. STUDY

I have prepared a draft listing for the New Zealand Unemployment and Social Security Stamps, based on the collection at hand. It needs work, and any who can assist in completing it will be sent a xerox copy on request. The completed manuscript will be published herein, and all contributors credited.

COLUMBUS CHAPTER?

Members in the vicinity of Columbus, OH, and environs, who wish to assist in forming a Chapter there should contact Eric A.Whitney, 4505 Folkestone Ct. N., Columbus, OH 43220.

DUCK SOUVENIR CARD

The RW2 Duck Stamp has been reproduced with descriptive text on a souvenir card by John and Arlene Dunn (address: Shrub Oak, N. Y. 10588) for their "Revenue Stamp Collecting" theme held in June in Conn. at the Second Sunday Stamp Show. Cards are still available from the Dunns at \$1 mint, \$1.25 with show cancel (or \$2 for one of each) plus 25 cents postage-handling in the US-Canada. Please write directly, and correspondence from overseas is welcome.

MEMO FROM SALES

The Sales Manager advises that requests have poured in recently from (mostly) newer members to be placed on the circuit roster (or shall we say...waiting list?) and all have been duly entered. None were acknowledged, however, unless a return stamp or stamped envelope was enclosed.

BEER CENSUS

With this issue comes a census form for use by those who can assist in preparing a new and updated catalog of the USIR beer stamps, long overdue. With sufficient data, it is conceivable that a new publication will appear. Beer stamp enthusiasts are urged to cooperate toward that end, and to follow the directions on the form.

EXPOS AND SUCH

LINPEX '77 will be held in Lincoln, Neb., on Nov. 18-20 forthcoming. Category B3 has been established for US revenues, and any who wish to participate should write to Lynn Casey at PO Box 80951, Lincoln, Neb. 68501.

Readers are reminded that the LA Chapter will be in attendance at SESCAL this year, at the Ambassador Hotel, 3400 Wilshire Blvd., Oct. 14-16.

Similarly, at the ASDA show in New York in November, the home Chapter will be staffing the usual ARA lounge and do drop in. Write Chapter Prexy Brian Bleckwenn for further details (at address: 710 Barbara Blvd., Franklin Square, N. Y. 11010).

ERLER DONATES

Our hard working and prolific author Martin Erler, ARA Rep in Germany, has sent this office several items of interest as donations to the ARA (for which we are deeply indebted), and they are available on a first come first served basis. They are in short supply and are most economically priced, considering today's market. A word to the wise...

a) Copies of Martin's latest publication..the Slovakian Revenues (an adjunct to his recent Czech catalog)..at the postpaid price of \$1.25 in North America, \$2.00 overseas.

b) Packet of 185 different German revenues..\$5.25 postpaid in N.A.., \$6.00 overseas.

c) Packet of 120 different Prussian revenues..same price as item b.

d) Packet of 150 different Austrian revenues..ditto.

A quick peek at these showed that although there is some duplication, no two of any of items b thru d are alike. Martin promises additional donations, so keep an eye peeled for these bargains. Payments to ARA, in US currency.

SIP REVENUE SLIDES

The Society of Israel Philatelists has announced the availability of a 48-slide program on ISRAEL REVENUES AND MODERN VARIETIES. Information on obtaining the program on loan may be requested from Dr. Albert Friedberg, 31715 Vine St., Willowick, OH 44094.

DALE CARNEGIE, SELF-TAUGHT

Au contraire, what (in) famous former ARA member, expelled from the State Revenue Society, our largest chapter, some time ago for unethical conduct, recently applied for readmittance to membership? The SRS Board voted, and in view of recent acts of similar nature by this person, denied re-entry..which triggered the usual stream of vituperative letters wherein the vote of the Board was rejected by the applicant. This person is now making (it is reported)

Specialist Dealer Since 1945 P.O. Box 665 Bonita, CA 92002 slanderous remarks about members of the Board. How to make friends, indeed. One wonders whether readmission would have led to additional attempts by the person in question to expel the entire organization, which (I assure you) has been tried before. It must be noted that this same party was up on charges for expulsion from the ARA for a string of unethical acts, during which proceedings a resignation was received in lieu of answers to the charges or (perish forbid) a promise to straighten up and fly right. This method of operation has apparently become a way of life. Details for a return stamp or stamped envelope, unless you know what this is all about. To the person in question...VAYA CON DIOS, but do VAYA. More to follow.

AND ON THE PLEASANT SIDE, KUDOS

To Charles Mandell, for a Gold and the SIP Special Award (Reserve Best in Israel) at CENJEX (East Brunswick, N. J.) for his Holy Land exhibit in May, as well as for his lecture there on the revenues of the area.

To Editor Ken Trettin, for his article in the APS journal for June on The Redemption of Civil War Revenues.

To Bill Fitch: For capturing a Silver at SOJEX (Atlantic City, N. J.) in April for a display of 19th Century beers, which also took a Vermeil at ROMPEX in Denver in May; also, for a Gold at NAPEX (Arlington, VA) in May for his Private Props.

To Charles Reiling: For a Gold and the APS Award at GRAN-JEX (Grand Junction, Colo.) for his US Telegraphs and Telegrams; for a Bronze at FRESPEX (Fresno, CA) in March for his Revenue Paper; for a Vermeil for his US Private Die Props at PIPEX (Tumwater, Wash) in May; for a Silver with Felicitations at SCOPEX (State College, Pa.) in May for the same.

To Jim Czyl, for the Cinderella Award at PARFOREX XVII (Park Forest, Ill.) in April for his Locals of the World.

To Scott Publications, for the gratis copy of the 1978 Volume 1 sent (now in our library).

To the JPA (Junior Philatelists of America) and author Richard Blum (ARA) for the recently published handbook "Introduction to US Philately" in which they kindly included a section on USIR. The 30 page booklet is nicely done and should be required reading for any beginner, junior or otherwise. Available at \$1.25 each (5 for \$5) from JPA at PO Box 09483, Bexley Branch, Columbus, OH 43209. Not to nit-pick, fellas..but you missed the state-local revenues..add to next edition?

To John Blessington, for capturing a Vermeil at BECKPEX (Fullerton, CA) in June for his display of Irish revenues.

See you next month, with shorter report.

One of the key items located at the Supreme Court Building was the actual document register, called the "Cause Book". Recorded within this book, by registration date, were all the documents pertaining to three cases that had appeared before the Prize Court, a court which operated under the auspices of "The Exchequer Court of Canada on its Admirality Side for the British Columbia Admiralty District" located in Victoria.

On the other hand, the Weser file was intact because a copy of all the different documents, as recorded in the Cause Book, were found. Unfortunately, all the In Prize stamps except one had been stripped from the documents.

A summary of the entries within the Cause Book and the documents within the Weser file appears in Table 2.

From among the Weser documents, I was able to find one that matched exactly

From the Weser file and from the book titled "The Far Distant Ships", the following facts were obtained. The Weser was a 9179 ton merchant ship built at Kiel in 1929. She was first named "Sud Americano", then "Yakima Star", and finally in 1934, she was renamed "Weser". In the following years, she made numerous voyages in the service of the German Reich.

The Canadian involvement in the Weser story started early in September, 1940, when the Canadian Government learned of the presence of this German ship in the port of Manzanillo, Mexico. Believing the Weser would shortly sail, the government ordered His Majesty's Canadian Ship Prince Robert, under the command of Commander Charles T. Beard, to make preparations for sea, a voyage that started at dawn on the 12th of September from Esquimalt. When Prince Robert arrived off the port of Manzanillo, she found the Weser still in port. She therefore stood to sea again and waited, staying out of sight during the day and closing in to binocular range at night.

Finally, after dark on the evening of September 25, Weser made an attempt to escape. Prince Robert waited as close inshore as she dared so that her silhouette in the darkness might be obscured as much as possible. The Captain of the Weser, Ernst Biet, later stated that he had first taken the Prince Robert to be an island, and later, when motion was noticeed, for a Mexican gunboat. When the Weser passed the three mile limit, she complete listing and description of all the was quickly overtaken by the Prince Weser documents is attached as Annex A. Robert. IN CASE YOU WONDERED...

The piece of mailing envelope shown below, which was kindly sent this office as an explanation of the lateness of transmittal of one of our circuits, may suffice to explain away certain of our circuit losses. This one, luckily, was found.

It is also indicative of the efficiency of the USPS that the marking takes the form of a rubber stamp...which would lead one to believe that

this is a quite frequent occurrence.

And this is insured mail, which is (theoretically) supposed to be

It may come as no surprise that we have had losses with certified and registered mail as well. Draw your own conclusions.

THE EXPRESS WAY

(Number 9 of a series)

At this time, Ihave no new Adams or American Express Company cancels on the First Revenue Issue to report. I had somewhat expected that a member or two would have jumped at the chance to show I had overlooked one or more known cancels, but as of this writing this has not happened. So again I repeat my request. This time it is more in the form of a challenge. Do any ARA members have any additional cancels they wish to report from either or both of the two above mentioned express companies on the First Revenue Issue that I've missed? If anyone wishes his name to remain anonymous, I'll gladly honor that particular request.

This month's article will deal solely with the presentation of additional information which has come to the author regarding cancels previously covered in this series.

Since writing about the black Adams oval cancel which originated in Alexandria (American Revenuer, January, 1977), I have had the opportunity to examine a receipt from Adams which shows two clear strikes of the cancel in question. In the January article, I reported that all examples examined by the author up to that time showed an inverted capital "V" in place of the first "A" of the company name (Adams). The cancels on the document most recently observed, however, show the first letter of the company name to be a capital "A", as it should be. As in the previously reported cancels, the color of the ink is black. One of the two cancels on the document ties a 2c Bank Check, orange (R6c) to the receipt. The date of both cancels found on this document is "Feb 17, 1865."

Continuing, then, my practice of assigning identification subnumbers to varieties found on a specific cancel, I have amended my original identification for this particular cancel as follows:

AD-15A (First letter of "Adams", an inverted capital "V"). AD-15B (First letter of "Adams", a normal capital "A").

In the April 1977 issue of The Revenuer (page 70), I reported having seen only the one example of AM-4. This example was shown in the photo which accompanied the respective write-up. Since that time, I have examined an imperf full margin copy of a 2c Express, blue (R9a) showing another example of this same cancel type. The cancel on the R9a was also of the socked on the nose variety. The dating in this most recently discovered cancel was "Feb 12, 1863."

Mr. Mathias Koref (ARA 1020) has graciously supplied information which indicates the origin of this particular cancel. Mr. Koref has in his collection two American Express Company Share Certificates showing the presence of this cancel type. The revenue stamps are still present on the original certificates, and the cancel ties the stamps to the documents. Mr. Koref reports the following:

A. Three copies of the 2c Bank Check, blue, perforate (R5c), tied to an American Express Company Share Certificate with black AM-4 cancels. The dating on the certificate is "April 1, 1863".

B. One copy of a 10c Inland Exchange (R36c) tied to a similar Share Certificate of the same company. Dating on the latter document is also "April 1, 1863".

On each of the above documents, Mr. Koref reports the cancels are distinct enough to determine they are in fact examples of AM-4, but the cancels are too light to distinguish

the actual datings found in the cancels themselves. Mr. Koref further reports that both documents are signed by: Wm. Fargo, Secretary; H. Wells, President; and A. Holland, Treasurer.

In addition to the above information on cancel AM-4, Mr. Koref also supplied details about two additional American Express Company Share Certificates. The latter two documents display First Issue revenues cancelled with the black "AE Co" cancel (No AM-5B):

A. One share certificate is dated "Jan 2, 1865;;, bearing a 5c Certificate, perforate (R24c). This certificate shows the normal signatures of Fargo, Wells, and Holland.

B. The other share certificate is dated "April 1, 1865", and also has a 5c Certificate, perforate (R24c). Signatures are the same as on the above document, except that in this particular instance, the signature of John Butterfield (Vice-president) replaces that of Henry Wells (President).

In both instances, the cancels do not tie the stamp to the document. It would seem, from all the examples this writer has observed or heard about, that this cancel was not applied with the intention to tie the stamp to the document. All cancels dealt with up to this point have been struck directly on the stamp.

Next month this author will present the few known cancels of Wells, Butterfield & Co.; the Merchants Union Express Company; and the American Merchants Union Express Company. The history of these three companies is so closely intertwined with the American Express Company, that it is most logical to present them in one combined article. Hopefully, while presenting the cancels of the aforementioned companies, I will also be able to briefly explain the company inter-relationships involved.

ARA Dealer Happenings

Compiled by the editor

J. BAREFOOT (see ad this issue) has out List 60 listing revenue collections of the world. We also welcome them to the Revenuer as a new advertiser.

SOHAN LAL DHAWAN & SONS (Box No. 46, Patiala -- 147 001 (India) have out a list of Indian revenues and court see stamps. They price them in US dolalars.

DR. JOSEF WALLACH (Box 1414, Rehovot, Israel) has sent another of his well illustrated listings. His listings are more than most price lists. They are research articles. Write to him-details in the Revenue Mart.

BATTLE WON

From a recent "Yesteryear in Philately" column in Linn's: Eventually, the battle ended, and permission to reproduce the revenues was granted. Can anyone recall the year?

To my knowledge (and if I err I stand corrected) the revenues are the only US stamps which may not be reproduced in color. Is that correct? Can anyone cite the law preventing this action? A follow-up providing answers to these questions will be published in the next available journal, and the members providing the answers credited.

G. M. Abrams

February 23, 1953

From Carl P. Rueth's "U.S. Notes": Currently the American Revenue Association is engaged in another stage of the campaign begun years ago to allow for the reproduction of the designs of United States Revenue Stamps.

Uncle Sam's Internal Revenue Department has again said "No," but the revenue stamp collectors aren't discouraged.

THE AMERICAN REVENUER, September, 1977

THE EDITOR NOTES...

that due to delays involved with the auction in this issue we are a little late. But, welcome back from the summer break.

.. that because of the length of the auction and all the various reports there is no center pullout listing. The listing of Crete will continue next month.

... that although many of the illustrations in the auction show stains, it it the illustration and NOT the stamps. Next time Don's photographer will dry them a bit better.

...that Robert E. Lippert (non-ARA of 16958 E. Warren Ave, Detroit MI 48224) will auction the estate of former dealer Louis White on Oct. 15. There are many lots of U. S. and foreign revenues. Catalog available on request.
...that member Duane Zinkel can prepare a limited

number of spiral bound volumes of the 1915 Forbin catalog by combining the printing excess of sections from the earlier reprinting with new reprinting of missing sections. Cost will, of course "be somewhat more than the original reprint." Profits to the ARA publication fund. Write Dua at 2323 Hollister Ave, Madison WI 53705 for de-Write Duane tails. Include a stamped addressed envelope. ... that Joe Einstein underwent a heart attack on June 18th. He is well on the road to health. We wish him well. (That's two board members now!) ...that sofar we have no definate plans for a future convention. Since the last one was in the central part of the country, either coast should be the site for the next. Anyone interested in spearheading an ARA convention write Pres. Abrams for a guide.

... that I have application blanks and extra back issues that can be used for recruiting new members. We would like to have members (dealer and nondealer) distribute them during the many upcomming shows this fall. The back issues should be given out on a controled basis and not just left on the table at the door. Maybe if some of our dealer members have tables at shows they would distribute our information. Send me a card or letter for a

...that Louis Alfano (the dope stamp junkie) is assembling data on Narcotic Handstamps. If anyone has any and wish to help Lou please write him.

(address in the masthead)

..that in this issue there is an insert in this ssue. It is the reporting form for a census of the US Beer Stamps being conducted by Tom Priester and Mike Zinman. They will eventually publish a catalog of the beer stamps and they need your report. This is important even if you have only report. one or two of the very most common stamps. Please help thim with this undertaking. ... that member Guy Rossi is holding another of his

one-man stamp shows at the New Mexico State University in Las Cruces. This time he features selection of worldwide "Cinderella Stamps & Seals." It's a great way to promote our hobby This time he features a

Stamp Market Tips

From a recent issue of STAMPS magazine, the above named column, authored by John G. Ross, gave the following advice:

To my knowledge, this is the first time revenues have been mentioned as a "tip" to buyers in this column. The ARA thanks Mr. Ross.

TIP OF THE WEEK

UNITED STATES-Collecting U.S. revenues always has been popular with many collectors in the U.S.A. Many issues are scarce and very difficult to find and I believe some will

increase in price considerably in the near future. One set that is greatly underpriced is the set of proprietary stamps issued in 1898 showing a battleship in its design, Scott No. RB 20-31. This set of 12 never was plentiful. Scott Catalog price has not changed for some time; it still lists at \$4.66, but try and get a complete set anywhere. Wherever you go, you most likely will hear, "Sorry out of stock." I believe you cannot go wrong trying to obtain a complete set if you can find one offered for full catalog. This set has an attractive design and with the increased demand for all U.S. revenue issues, this set can easily sell for several times more than it does at this time.

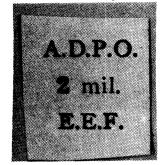

New ADPO Discovery?

by Charles F. Mandell, ARA

Shown here is a recently discovered stamp which is most confusing. The French abbreviation for the Ottoman Public Debt Administration is "ADPO" (reference the ADPO listing in the

April 1976 Revenuer), while the British version is "OPDA" (reference the listing in the Zodiac catalog).

The stamp is (typeset?) blue lettering on white paper, 20x23 mm. and imperf. But it is the French spelling on British paper, since the paper is watermarked crown and script GvR (a British watermark..Scott type 33).

Has any member seen this type

of stamp before? Are there other denominations in the series? Can anyone explain the usage of the French spelling on British paper? Is it possibly an error, which should have read "OPDA"?

Anyone who can answer the above questions, or who can clarify this seeming mystery, is invited to write me. Address in Yearbook. Any further information forthcoming will be published herein.

Chapter Notes

D.C. CHAPTER MEETS, ELECTS OFFICERS

The May 22 meeting of the Washington Metropolitan Area Fiscal Society (D.C. Chapter, A.R.A.) took place at the home of William Marsh. Lou Alfano called the meeting to order and rendered a report on the Society's first year, stating that our biggest accomplishment was that we have managed to survive as a society. Elliot Chabot then reported that the Society's treasury is in good shape.

Lou then called for nominations for the positions of President, Vice president, and Secretary-Treasurer for the coming year. J. M. Williams moved that the incumbent officers be reelected by acclamation, and was seconded by Mike Campi. The motion was unanimously carried, and Lou Alfano, Denys Voaden, and Elliot Chabot were thereby elected to serve second terms in their respective offices.

Elliot Chabot brought a copy of his new U. S. Possessions and Zones of Military Occupation Revenue Catalog to the meeting so that the members could see the fruits of their cooperation. and it was decided to reproduce it by xerox for the membership prior to submitting it to the ARA for publication in a revised format.

Other items discussed were identification of certain Chinese revenues, the political status of the Mosquito Reservation, and Lou Alfano's projected survey of U. S. Narcotic provisionals. The group decided to forego making a commitment to a November 1978 Convention until more information is available.
